## EXPERIENCE

Duration: From May 2019 to May 2022

Harmis technology,  
Nehrunagar, Ahmedabad

I worked on several Laravel projects, including Real Estate platforms, Car Sale and Rent Booking systems, and Job sites. Additionally, I developed an admin panel using React.js for a business portal, which included features like location-based booking, as well as tools for posting and advertising, all connected with the main admin portal.

Duration: From May 2022 the to Jan 2025

Zealous system pvt ltd,  
Praladnagar, Ahmedabad

I have strong experience in web development and have worked on domains like E-commerce, Car Rental, Jobsite, Real Estate, LMS, and Salon Marketplace. In salon and e-commerce projects, users can browse styles or products, book services, and place orders, while admins or service providers manage bookings, appointments, and inventory. The LMS, built with Node.js and Express.js, allows employees (companies) to create assignments, and employers (students) to submit exams and view results, providing a complete learning flow.

Duration: From Jan 2025 the to Present

Excellent Webworld  
Sola, Ahmedabad

I Worked on booking platforms where providers, companies, and users can offer jobs or services, and users can choose and book them. Built systems supporting service flow between multiple roles like job posters, providers, and clients. Also developed e-commerce platforms where a single user can act as both buyer and seller.
