Excellent Webworld
Sola, Ahmedabad

Developed user-friendly booking platforms enabling providers, companies, and users to offer jobs or services, with seamless browsing, selection, and booking features. Built multi-role service flow systems to manage interactions between job posters, service providers, and clients, improving operational efficiency. Created e-commerce platforms supporting dual-role users who can act as both buyers and sellers, enhancing marketplace flexibility.

Collaborated with team members on code reviews to ensure quality, adherence to standards, and continuous improvement. Mentored junior developers to strengthen their coding skills and promote best practices. Managed project timelines, contributed to planning and execution, and ensured on-time delivery of milestones and goals. Deployed multiple projects to staging and live servers, delivering smooth rollouts with minimal downtime.

Duration: From May 2022 to Jan 2025

Zealous System PVT LTD,
Praladnagar, Ahmedabad

Experienced in developing web applications across domains including E-commerce, Car Rental, Jobsite, Real Estate, LMS, and Salon Marketplace. Built platforms enabling users to browse, book, or purchase services/products while allowing admins to manage inventory and appointments. Developed an LMS using Node.js and Express.js for companies to create assignments and students to submit exams and view results. Managed staging and production deployments with zero-downtime rollouts, implementing server configurations and monitoring for optimal performance.

Duration: From May 2019 to May 2022

Harmis Technology,
Nehrunagar, Ahmedabad
