## EXPERIENCE

Duration: From May 2019 to May 2022

Harmis technology,

Nehrunagar, Ahmedabad

I worked on several Laravel projects, including Real Estate platforms, Car Sale and Rent Booking systems, and Job sites. Additionally, I developed an admin panel using React.js for a business portal, which included features like location-based booking, as well as tools for posting and advertising, all connected with the main admin portal.

Duration: From May 2022 the to Present

Zealous system pvt ltd,

Prahaladnagar, Ahmedabad

I working on project like ecommerce, salon service that provide different user can choose style and book appointment and choose hairdressor can also manage of all this appointment and etc.

I developed a Learning Management System (LMS) project using Node.js and Express.js, featuring distinct portals for employees and employers. In this system, employees are equivalent to companies, and employers are considered students. The LMS allows employees to create assignments, while employers can submit exams and receive results directly through the platform

I have rich experience in web development. I have Experience in Various Domains Like Ecommerce, Car Rental, Jobsites, Real estate, Salon Marketplace and Many more.
